

Kitchen and Bathroom Planner

How to make your dream kitchen and bathroom come true

1. Determine your needs

What are your main objectives? Your priorities will drive all further decisions on budget, style, products and more. So give this step some time and talk it through with your family.

2. Establish your budget

Define how much you can invest in your new kitchen/bathroom. Shop around to get an idea of product prices and remember that installation can be about 17%-20% of the budget.

3. Find the right professionals

Interview your potential service providers to find those who understand the scope of your project. **Cabinet Kingdom** has you covered with cabinetry, hardware and accessories.

4. Finalize layout and design

Your **Cabinet Kingdom** professional will have several ideas on how you can best utilize your space. Make notes on how you currently use your space, what you'd like to change, and what you wish to add to your new kitchen/bathroom.

5. Decide on the style

Review styles by collecting pictures, visiting showrooms and home shows. Make notes of the style elements you like.

6. Select products

You'll have an ample variety of products to decide from. Your **Cabinet Kingdom** professional can help you select the best products to meet your needs.

7. Plan for the installation

Who will be responsible for finding and supervising the electricians, plumbers, tile contractors, carpenters, cabinet installers and all the other trades involved with a new kitchen/bathroom? Considering having a temporary kitchen available while your new one is being created.

8. Relax and enjoy!

Once your new kitchen/bathroom is ready, check how everything works. Get to know how to care and maintain for all the elements of your newly remodeled area and don't forget to keep a file with all the contracts, warranties, receipts and other project related paperwork.

SO, HOW LONG WILL ALL THIS TAKE?

Depending on the size and how detailed your building/remodeling process is, the time frame for completion can vary from four to eight weeks for simple projects, to six-eight months or even more for a very extensive job.

However, when selected and ordered in a timely manner, your **Cabinet Kingdom** kitchen/bathroom cabinets will be delivered to your location in time for installation. We work with you and your project professionals to ensure a flawless experience.
